9.1 MAR Relevant Parties and the Persons closely associated with the MAR Relevant Parties do not carry out transactions relating to the Financial Instruments, on their own account or on behalf of third parties, directly or indirectly, within the 30 calendar days preceding the announcement of the annual financial report and semi-annual financial report referred to in Article 154-*ter* of the TUF (so-called blocking period). It is understood that the deadline of 30 calendar days prior to the announcement runs from the date of the meeting of the Board of Directors established for the approval of accounting data according to the financial calendar of the Company, or otherwise established. It is specified that the day of the press release concerning the approval of accounting data represents the 30th day of the blocking period.

If the Company publishes preliminary data, the blocking period applies only with reference to the date of publication of the latter (and not with regard to the final data), provided that the preliminary data contain all the main information that should be included in the final results.

9.2 Notwithstanding the provisions of Article 9.1 above, the Company may allow MAR Relevant Parties or Persons closely Persons closely associated with the MAR Relevant Parties, as appropriate, (the "**Interested Party**")

(b) by virtue of the characteristics of trading in the case of Transactions carried out simultaneously or in relation to an employee shareholding plan or an employee savings programme, a share title or right, or Transactions in which the interest of the beneficiary of the title in question is not subject to change, all as better specified in Annex "F" to this Procedure.

9.3 In the cases referred to Article 9.2(a), prior to the Transaction during the blocking period, the Interested Party requests from the Issuer- through a reasoned written request to be sent to the Chairman of the Board of Directors or to the Chief Executive Officer, with a copy to be sent to the Designated Party – the authorization to proceed with immediate sales of the shares held. The request of the Interested Party shall include at least: **(I)** the description of the Transaction considered; **(II)** the explanation of why the sale of the shares is the only reasonable alternative to obtain the necessary financing; and **(III)** objective evidence (including documents) concerning the elements referred to above mentioned points **(I)** and **(II)**.

Once the request as referred to in Article 9.3 has been received, the Company, in the manner provided for in paragraph 9.5, carries out a case-by-case assessment of the request submitted by the Interested Party and authorises the immediate sale of the shares only if the circumstances of the Transaction can be considered exceptional. "Exceptional circumstances" means extremely urgent, unforeseen and compelling situations that are not attributable to the Interested Party and are beyond its control. The assessment of the exceptional nature of the circumstances described in the authorisation request is in any case carried out taking into account, inter alia, whether and to what extent the Interested Party:

(i) must fulfil a legally enforceable financial obligation or satisfy a claim at the time the application is submitted;

(ii) must fulfil or find itself in a situation created before the start of the blocking period that requires the payment of an amount to third parties, including tax obligations and the same Interested Party cannot reasonably fulfil a financial obligation or satisfy a claim other than by selling the shares immediately.

9.4 In the cases referred to Article 9.2 (b), the Interested Party requests authorisation from the Company to complete the Transaction in good time - and in any case according to the terms and conditions indicated in Annex "F" to the present Procedure where provided for in the cases contemplated in said Annex - by means of a specific written request to be sent to the Chairman of the Board of Directors or the Chief Executive Officer, with a copy to the Designated Party, containing objective evidence (including documents) relating to the occurrence of the conditions set forth in the aforementioned Annex "F" with reference to each of the cases contemplated therein. Upon receipt of the disclosure, the Company carries out a case-by-case assessment of the request submitted by the Interested Party.

9.5 The assessments referred to in Articles 9.3 and 9.4 above are left to the responsibility of the Chairman of the Board of Directors or the Chief Executive Officer with the support of the Designated Party. In any case it is understood that:

(i) the Chairman of the Board of Directors or the Chief Executive Officer, where deemed necessary or appropriate, has the right to refer the assessment to the collective responsibility of the Board of Directors of the Company; and

Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 ("MAR")

Article 19, Paragraph 1 bis and 7, of the MAR

Managers' transactions

"*1 bis. The notification obligation referred to in paragraph 1 shall not apply to transactions in financial instruments linked to shares or to debt instruments of the issuer referred to in that paragraph where at the time of the transaction any of the following conditions is met: (a) the financial instrument is a unit or share in a collective investment undertaking in which the exposure to the issuer's shares or debt instruments does not exceed 20 % of the assets held by the collective investment undertaking; (b) the financial instrument provides exposure to a portfolio of assets in which the exposure to the issuer's shares or debt instruments does not exceed 20 % of the portfolio's assets; (c) the financial instrument is a unit or share in a collective investment*

undertaking or provides exposure to a portfolio of assets and the person discharging managerial responsibilities or person closely associated with such a person does not know, and could not know, the investment composition or exposure of such collective investment undertaking or portfolio of assets in relation to the issuer's shares or debt instruments, and furthermore there is no reason for that person to believe that the issuer's shares or debt instruments exceed the thresholds in point (a) or (b). If information regarding the investment composition of the collective investment undertaking or exposure to the portfolio of assets is available, then the person discharging managerial responsibility or person closely associated with such a person shall make all reasonable efforts to avail themselves of that information."

"*7. For the purposes of paragraph 1, transactions that must be notified shall also include:*

(a)the pledging or lending of financial instruments by or on behalf of a person discharging managerial responsibilities or a person closely associated with such a person, as referred to in paragraph 1;

(b)transactions undertaken by persons professionally arranging or executing transactions or by another person on behalf of a person discharging managerial responsibilities or a person closely associated with such a person, as referred to in paragraph 1, including where discretion is exercised;

(c)transactions made under a life insurance policy, defined in accordance with Directive 2009/138/EC of the European Parliament and of the Council, where:

(i) the policyholder is a person discharging managerial responsibilities or a person closely associated with such a person, as referred to in paragraph 1,

(ii) the investment risk is borne by the policyholder; and

(iii)the policyholder has the power or discretion to make investment decisions regarding specific instruments in that life insurance policy or to execute transactions regarding specific instruments for that life insurance policy.

For the purposes of point (a), a pledge, or a similar security interest, of financial instruments in connection with the depositing of the financial instruments in a custody account does not need to be notified, unless and until such time that such pledge or other security interest is designated to secure a specific credit facility.

For the purposes of point (b), transactions executed in shares or debt instruments of an issuer or derivatives or other financial instruments linked thereto by managers of a collective investment undertaking in which the person discharging managerial responsibilities or a person closely associated with them has invested do not need to be notified where the manager of the collective investment undertaking operates with full discretion, which excludes the manager receiving any instructions or suggestions on portfolio composition directly or indirectly from investors in that collective investment undertaking.

Insofar as a policyholder of an insurance contract is required to notify transactions according to this paragraph, an obligation to notify is not incumbent on the insurance company".

NORMATIVE APPENDIX

Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 ("MAR")

Article 19 of the MAR

Managers' transactions

"1. Persons discharging managerial responsibilities, as well as persons closely associated with them, shall notify the issuer or the emission allowance market participant and the competent authority referred to in the second subparagraph of paragraph 2:

(a) in respect of issuers, of every transaction conducted on their own account relating to the shares or debt instruments of that issuer or to derivatives or other financial instruments linked thereto;

(b) in respect of emission allowance market participants, of every transaction conducted on their own account relating to emission allowances, to auction products based thereon or to derivatives relating thereto.

Such notifications shall be made promptly and no later than three business days after the date of the transaction.

The first subparagraph applies once the total amount of transactions has reached the threshold set out in paragraph 8 or 9, as applicable, within a calendar year.

1a. The notification obligation referred to in paragraph 1 shall not apply to transactions in financial instruments linked to shares or to debt instruments of the issuer referred to in that paragraph where at the time of the transaction any of the following conditions is met:

(a) the financial instrument is a unit or share in a collective investment undertaking in which the exposure to the issuer's shares or debt instruments does not exceed 20 % of the assets held by the collective investment undertaking;

(b) the financial instrument provides exposure to a portfolio of assets in which the exposure to the issuer's shares or debt instruments does not exceed 20 % of the portfolio's assets;

or

(c) the financial instrument is a unit or share in a collective investment undertaking or provides exposure to a portfolio of assets and the person discharging managerial responsibilities or person closely associated with such a person does not know, and could not know, the investment composition or exposure of such collective investment undertaking or portfolio of assets in relation to the issuer's shares or debt instruments, and furthermore there is no reason for that

person to believe that the issuer's shares or debt instruments exceed the thresholds in point (a) or (b).

If information regarding the investment composition of the collective investment undertaking or exposure to the portfolio of assets is available, then the person discharging managerial responsibility or person closely associated with such a person shall make all reasonable efforts to avail themselves of that information.

2. For the purposes of paragraph 1, and without prejudice to the right of Member States to provide for notification obligations other than those referred to in this Article, all transactions conducted on the own account of the persons referred to in paragraph 1, shall be notified by those persons to the competent authorities.

The rules applicable to notifications, with which persons referred to in paragraph 1 must comply, shall be those of the Member State where the issuer or emission allowance market participant is registered. Notifications shall be made within three working days of the transaction date to the competent authority of that Member State. Where the issuer is not registered in a Member State, the notification shall be made to the competent authority of the home Member State in accordance with point (i) of Article 2(1) of Directive 2004/109/EC or, in the absence thereof, to the competent authority of the trading venue.

3. The issuer or emission allowance market participant shall ensure that the information that is notified in accordance with paragraph 1 is made public promptly and no later than three business days after the transaction in a manner which enables fast access to this information on a non-discriminatory basis in accordance with the implementing technical standards referred to in point (a) of Article 17(10).

The issuer or emission allowance market participant shall use such media as may reasonably be relied upon for the effective dissemination of information to the public throughout the Union, and, where applicable, it shall use the officially appointed mechanism referred to in Article 21 of Directive 2004/109/EC.

Alternatively, national law may provide that a competent authority may itself make public the information.

4. This Article shall apply to issuers who:

(a) have requested or approved admission of their financial instruments to trading on a regulated market; or

(b) in the case of an instrument only traded on an MTF or an OTF, have approved trading of their financial instruments on an MTF or an OTF or have requested admission to trading of their financial instruments on an MTF.

5. Issuers and emission allowance market participants shall notify the person discharging managerial responsibilities of their obligations under this Article in writing. Issuers and emission allowance market participants shall draw up a list of all persons discharging managerial responsibilities and persons closely associated with them.

Persons discharging managerial responsibilities shall notify the persons closely associated with them of their obligations under this Article in writing and shall keep a copy of this notification.

6. A notification of transactions referred to in paragraph 1 shall contain the following information:

(a) the name of the person;

(b) the reason for the notification;

(c) the name of the relevant issuer or emission allowance market participant;

(d) a description and the identifier of the financial instrument;

(e) the nature of the transaction(s) (e.g. acquisition or disposal), indicating whether it is linked to the exercise of share option programmes or to the specific examples set out in paragraph 7;

(f) the date and place of the transaction(s); and

(g) the price and volume of the transaction(s). In the case of a pledge whose terms provide for its value to change, this should be disclosed together with its value at the date of the pledge.

7. For the purposes of paragraph 1, transactions that must be notified shall also include:

(a) the pledging or lending of financial instruments by or on behalf of a person discharging managerial responsibilities or a person closely associated with such a person, as referred to in paragraph 1;

(b) transactions undertaken by persons professionally arranging or executing transactions or by another person on behalf of a person discharging managerial responsibilities or a person closely associated with such a person, as referred to in paragraph 1, including where discretion is exercised;

(c) transactions made under a life insurance policy, defined in accordance with Directive 2009/138/EC of the European Parliament and of the Council (1), where:

(i) the policyholder is a person discharging managerial responsibilities or a person closely associated with such a person, as referred to in paragraph 1,

(ii) the investment risk is borne by the policyholder, and

(iii) the policyholder has the power or discretion to make investment decisions regarding specific instruments in that life insurance policy or to execute transactions regarding specific instruments for that life insurance policy.

For the purposes of point (a), a pledge, or a similar security interest, of financial instruments in connection with the depositing of the financial instruments in a custody account does not need to be notified, unless and until such time that such pledge or other security interest is designated to secure a specific credit facility.

For the purposes of point (b), transactions executed in shares or debt instruments of an issuer or derivatives or other financial instruments linked thereto by managers of a collective investment undertaking in which the person discharging managerial responsibilities or a person closely associated with them has invested do not need to be notified where the manager of the collective investment undertaking operates with full discretion, which excludes the manager receiving any instructions or suggestions on portfolio composition directly or indirectly from investors in that collective investment undertaking.

Insofar as a policyholder of an insurance contract is required to notify transactions according to this paragraph, an obligation to notify is not incumbent on the insurance company.

8. Paragraph 1 shall apply to any subsequent transaction once a total amount of EUR 5 000 has been reached within a calendar year. The threshold of EUR 5 000 shall be calculated by adding without netting all transactions referred to in paragraph 1.

9. A competent authority may decide to increase the threshold set out in paragraph 8 to EUR 20 000 and shall inform ESMA of its decision and the justification for its decision, with specific reference to market conditions, to adopt the higher threshold prior to its application. ESMA shall publish on its website the list of thresholds that apply in accordance with this Article and the justifications provided by competent authorities for such thresholds.

10. This Article shall also apply to transactions by persons discharging managerial responsibilities within any auction platform, auctioneer and auction monitor involved in the auctions held under Regulation (EU) No 1031/2010 and to persons closely associated with such persons in so far as their transactions involve emission allowances, derivatives thereof or auctioned products based thereon. Those persons shall notify their transactions to the auction platforms, auctioneers and auction monitor, as applicable, and to the competent authority where the auction platform, auctioneer or auction monitor, as applicable, is registered. The information that is so notified shall be made public by the auction platforms, auctioneers, auction monitor or competent authority in accordance with paragraph 3.

11. Without prejudice to Articles 14 and 15, a person discharging managerial responsibilities within an issuer shall not conduct any transactions on its own account or for the account of a third party, directly or indirectly, relating to the shares or debt instruments of the issuer or to derivatives or other financial instruments linked to them during a closed period of 30 calendar days before the announcement of an interim financial report or a year-end report which the issuer is obliged to make public according to:

(a) the rules of the trading venue where the issuer's shares are admitted to trading; or

(b) national law.

12. Without prejudice to Articles 14 and 15, an issuer may allow a person discharging managerial responsibilities within it to trade on its own account or for the account of a third party during a closed period as referred to in paragraph 11 either:

(a) on a case-by-case basis due to the existence of exceptional circumstances, such as severe financial difficulty, which require the immediate sale of shares; or

(b) due to the characteristics of the trading involved for transactions made under, or related to, an employee share or saving scheme, qualification or entitlement of shares, or transactions where the beneficial interest in the relevant security does not change.

13. The Commission shall be empowered to adopt delegated acts in accordance with Article 35 specifying the circumstances under which trading during a closed period may be permitted by the issuer, as referred to in paragraph 12, including the circumstances that would be considered as exceptional and the types of transaction that would justify the permission for trading.

14. The Commission shall be empowered to adopt delegated acts in accordance with Article 35, specifying types of transactions that would trigger the requirement referred to in paragraph 1.

15. In order to ensure uniform application of paragraph 1, ESMA shall develop draft implementing technical standards concerning the format and template in which the information referred to in paragraph 1 is to be notified and made public.

ESMA shall submit those draft implementing technical standards to the Commission by 3 July 2015.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010."

Article 31 of the MAR

Exercise of supervisory powers and imposition of sanctions

"1. Member States shall ensure that when determining the type and level of administrative sanctions, competent authorities take into account all relevant circumstances, including, where appropriate:

(a) the gravity and duration of the infringement;

(b) the degree of responsibility of the person responsible for the infringement;

(c) the financial strength of the person responsible for the infringement, as indicated, for example, by the total turnover of a legal person or the annual income of a natural person;

(d) the importance of the profits gained or losses avoided by the person responsible for the infringement, insofar as they can be determined;

(e) the level of cooperation of the person responsible for the infringement with the competent authority, without prejudice to the need to ensure disgorgement of profits gained or losses avoided by that person;

(f) previous infringements by the person responsible for the infringement; and

(g) measures taken by the person responsible for the infringement to prevent its repetition.

2. In the exercise of their powers to impose administrative sanctions and other administrative measures under Article 30, competent authorities shall cooperate closely to ensure that the exercise of their supervisory and investigative powers, and the administrative sanctions that they impose, and the other administrative measures that they take, are effective and appropriate under this Regulation. They shall coordinate their actions in accordance with Article 25 in order to avoid *duplication and overlaps when exercising their supervisory and investigative powers and when imposing administrative sanctions in respect of cross-border cases."*

Article 34 of the MAR

Publication of decisions

"1. Subject to the third subparagraph, competent authorities shall publish any decision imposing an administrative sanction or other administrative measure in relation to an infringement of this Regulation on their website immediately after the person subject to that decision has been informed of that decision. Such publication shall include at least information on the type and nature of the infringement and the identity of the person subject to the decision.

The first subparagraph does not apply to decisions imposing measures that are of an investigatory nature.

Where a competent authority considers that the publication of the identity of the legal person subject to the decision, or of the personal data of a natural person, would be disproportionate following a case-by-case assessment conducted on the proportionality of the publication of such data, or where such publication would jeopardise an ongoing investigation or the stability of the financial markets, it shall do any of the following:

(a) defer publication of the decision until the reasons for that deferral cease to exist; or

(b) publish the decision on an anonymous basis in accordance with national law where such publication ensures the effective protection of the personal data concerned;

(c) not publish the decision in the event that the competent authority is of the opinion that publication in accordance with point (a) or (b) will be insufficient to ensure:

(i) that the stability of financial markets is not jeopardised; or

(ii) the proportionality of the publication of such decisions with regard to measures which are deemed to be of a minor nature.

Where a competent authority takes a decision to publish a decision on an anonymous basis as referred to in point (b) of the third subparagraph, it may postpone the publication of the relevant data for a reasonable period of time where it is foreseeable that the reasons for anonymous publication will cease to exist during that period.

2. Where the decision is subject to an appeal before a national judicial, administrative or other authority, competent authorities shall also publish immediately on their website such information and any subsequent information on the outcome of such an appeal. Moreover, any decision annulling a decision subject to appeal shall also be published.

3. Competent authorities shall ensure that any decision that is published in accordance with this Article shall remain accessible on their website for a period of at least five years after its publication. Personal data contained in such publications shall be kept on the website of the competent authority for the period which is necessary in accordance with the applicable data protection rules."

Delegated Regulation (EU) 2016/522 of the Commission of 17 December 2015 ("Delegated Act 522")

Article 7 of Delegated Act 522

<u>Trading during a closed period</u>

"1. A person discharging managerial responsibilities within an issuer shall have the right to conduct trading during a closed period as defined under Article 19(11) of Regulation (EU) No 596/2014 provided that the following conditions are met:

(a) one of the circumstances referred to in Article 19(12) of Regulation (EU) No 596/2014 is met;

(b) the person discharging managerial responsibilities is able to demonstrate that the particular transaction cannot be executed at another moment in time than during the closed period.

2. In the circumstances set out in Article 19(12)(a) of Regulation (EU) No 596/2014, prior to any trading during the closed period, a person discharging managerial responsibilities shall provide a reasoned written request to the issuer for obtaining the issuer's permission to proceed with immediate sale of shares of that issuer during a closed period.

The written request shall describe the envisaged transaction and provide an explanation of why the sale of shares is the only reasonable alternative to obtain the necessary financing."

Article 8 of Delegated Act 522

Exceptional circumstances

"1. When deciding whether to grant permission to proceed with immediate sale of its shares during a closed period, an issuer shall make a case-by-case assessment of a written request referred to in Article 7(2) by the person discharging managerial responsibilities. The issuer shall have the right to permit the immediate sale of shares only when the circumstances for such transactions may be deemed exceptional.

2. Circumstances referred to in paragraph 1 shall be considered to be exceptional when they are extremely urgent, unforeseen and compelling and where their cause is external to the person discharging managerial responsibilities and the person discharging managerial responsibilities has no control over them.

3. When examining whether the circumstances described in the written request referred to in Article 7(2) are exceptional, the issuer shall take into account, among other indicators, whether and to the extent to which the person discharging managerial responsibilities:

(a) is at the moment of submitting its request facing a legally enforceable financial commitment or claim;

(b) has to fulfil or is in a situation entered into before the beginning of the closed period and requiring the payment of sum to a third party, including tax liability, and cannot reasonably satisfy a financial commitment or claim by means other than immediate sale of shares."

Article 9 of Delegated Act 522

Characteristics of the trading during a closed period

"The issuer shall have the right to permit the person discharging managerial responsibilities within the issuer to trade on its own account or for the account of a third party during a closed period, including but not limited to circumstances where that person discharging managerial responsibilities:

(a) had been awarded or granted financial instruments under an employee scheme, provided that the following conditions are met:

(i) the employee scheme and its terms have been previously approved by the issuer in accordance with national law and the terms of the employee scheme specify the timing of the award or the grant and the amount of financial instruments awarded or granted, or the basis on which such an amount is calculated and given that no discretion can be exercised;

(ii) the person discharging managerial responsibilities does not have any discretion as to the acceptance of the financial instruments awarded or granted;

(b) had been awarded or granted financial instruments under an employee scheme that takes place in the closed period provided that a pre-planned and organised approach is followed regarding the conditions, the periodicity, the time of the award, the group of entitled persons to whom the financial instruments are granted and the amount of financial instruments to be awarded, the award or grant of financial instruments takes place under a defined framework under which any inside information cannot influence the award or grant of financial instruments;

(c) exercises options or warrants or conversion of convertible bonds assigned to him under an employee scheme when the expiration date of such options, warrants or convertible bonds falls within a closed period, as well as sales of the shares acquired pursuant to such exercise or conversion, provided that all of the following conditions are met:

(i) the person discharging managerial responsibilities notifies the issuer of its choice to exercise or convert at least four months before the expiration date;

(ii) the decision of the person discharging managerial responsibilities is irrevocable;

(iii) the person discharging managerial responsibilities has received the authorisation from the issuer prior to proceed;

(d) acquires the issuer's financial instruments under an employee saving scheme, provided that all of the following conditions are met:

(i) the person discharging managerial responsibilities has entered into the scheme before the closed period, except when it cannot enter into the scheme at another time due to the date of commencement of employment;

(ii) the person discharging managerial responsibilities does not alter the conditions of his participation into the scheme or cancel his participation into the scheme during the closed period;

(iii) the purchase operations are clearly organised under the scheme terms and that the person discharging managerial responsibilities has no right or legal possibility to alter them during the closed period, or are planned under the scheme to intervene at a fixed date which falls in the closed period;

(e) transfers or receives, directly or indirectly, financial instruments, provided that the financial instruments are transferred between two accounts of the person discharging managerial responsibilities and that such a transfer does not result in a change in price of financial instruments;

(f) acquires qualification or entitlement of shares of the issuer and the final date for such an acquisition, under the issuer's statute or by-law falls during the closed period, provided that the person discharging managerial responsibilities submits evidence to the issuer of the reasons for the acquisition not taking place at another time, and the issuer is satisfied with the provided explanation."

Article 10 of Delegated Act 522
